

## Am I overlooking some ways to save money with my EZfeed system?

*As you know, there are many different tools in the EZfeed system. There might be some tools you are not very familiar with or it might just be a good time to review and fine-tune them. Better utilizing each of these tools could save you money and improve your efficiency.*

### Ingredient Tolerances

- Reduce overfeeding expensive ingredients
- Improve the consistency in the ration from day to day

### Feeder Performance

- Reduce overfeeding and underfeeding ingredients
- Improve the loading and unloading actions of the feeders
- Improve the consistency in the ration from day to day

### Bunk Management

- Improve the consistency in the ration from day to day
- Improve feed efficiencies which will improve production
- Optimize feed refusals

## An extra set of eyes...
