

# PROTECT YOUR OPERATION AND MINIMIZE RISK

Agri-Services Agency helps farms and agribusinesses minimize risk by protecting your employees and partnering with you to create a safe work environment.

## ON-FARM ACCIDENTS ARE COSTLY

At Agri-Services Agency, we protect your operation and help you create a safe and efficient work environment. Leading with safety, education and compliance, we partner with farms to help minimize risks. When accidents do occur, our claims management department does what's right – for the operation and your employees.

## WORKING WITH AGRI-SERVICES AGENCY

We don't just sell you insurance and walk away. Each year, we work with owners and operators to assess the financial impact of employee injuries on your business, ensuring you know exactly where you stand and help you develop a plan to improve.

- **A team of expert resources:** Our team includes agents who are agribusiness and farm insurance specialists, underwriters, claim managers and a veteran loss control team. We provide interactive on-site safety training, assist with OSHA compliance activities, offer comprehensive claims management and help you develop an ongoing employee training program
- **A personalized and comprehensive approach:** We take a collaborative approach involving the operation, agents, loss control and claims management. Agents continually review coverage for gaps and compare rates. Our claim managers don't just process claims, they strive to understand the root cause and advocate for appropriate patient care
- **Annual dividend opportunity\*:** The less claims you have, the less stress you put on the insurance program. We'll put some of your premium dollars back in your pocket through our unique dividend program. Dividends are based on premium size and individual farm performance

## HOW WE CAN HELP

We can work with you to review your current policy, discuss employee training and safety programs and develop a plan to that works for you.
