The PocketDairy app allows you to view and enter vital information on your phone or tablet cowside. No need for a clipboard!

- View lifetime health, vaccination and protocol history.
- Customize what shows on individual cow or heifer pages.
- Action lists for vet check, breeding, dry off, and calving.
- Add inputs for individual or groups of cows and heifers.
- RFID compatible.
- VetPMaxx feature for tablets puts all data needed on one screen.
