

# PRO Refrigeration

*When Keeping COOL is Everything™*

PRO has a reputation for producing high-quality equipment with outstanding service and support. From the first PROChiller designed to “instant cool” milk, PRO has grown to become the leading Packaged Chiller System solution to both the US Dairy and the US Craft Brewing markets, while also serving a range of the COOLEST industries like distilling, wine, food processing, extraction, and so much more.

## OUR LIST OF PRODUCTS AND SERVICES INCLUDES

PROChiller Packaged Systems • PROPlateHX Heat Exchangers • DAIRYPro Vats • PROHeat2o Heat Recovery  
PROElliot Smart Machine Control & Cold Chain Verification • PROGreen Solutions Natural Refrigeration

## LOOKING TO ADD, EXPAND, OR UPGRADE YOUR COLD CHAIN?

Contact us for a free project review, and we'll provide a variety of options tailored to your unique needs.
